Reasons For Allowance

3. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the claimed combination including the limitations directed to the specifics of a lubrication system for an engine comprising a first pressure increasing valve connected between an oil pump and a main bearing gallery and operative to selectively limit flow to the main bearing gallery and raise oil pressure supplied to a cam phaser to a desired operating level greater than the oil pressure supplied to the main bearing gallery; a second pressure increasing valve connected between the main bearing gallery and a cam gallery and operative to selectively limit oil flow to the cam gallery and raise oil pressure supplied to the main bearing gallery and the cam phaser to a desired operating level greater than the oil pressure supplied to the cam gallery, is not disclosed or rendered obvious the art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
